Message From Our Sponsor

Halifax plc

As title sponsor of BUSA, the Halifax is delighted to welcome all the competitors, officials and spectators to Glasgow for the 2002 BUSA Halifax Indoor Athletics Championships.

Our commitment to BUSA ensures the continued provision of the highest quality sporting opportunities for students in higher education and helps us to achieve our aim of increasing the awareness of the Halifax as a provider of first class banking services to students.

For some these Championships will be the pinnacle of their sporting career, for others a stepping stone to greater things. Whatever their level, the participants will undoubtedly treat the spectators to some top class competition.

We'd like to wish good luck to the competitors and everyone involved for a successful weekend.

REGISTRATION PROCEDURE

1. All ATHLETES (and **NOT Team Captains/ coaches**) must register a **MINIMUM** of 1 hour before their event. Attempts to register after this period will be refused. The Registration desk will be open from 8.30am Saturday and Sunday.
2. The 1 hour deadline will be judged from the clock on the registration desk. **ATHLETES MUST REGISTER A PERSONAL BEST FOR THE EVENT THEY ARE ENTERING TO ASSIST SEEDING.**
4. Alterations to the name of the competitor entered by an institution and listed in the programme for an event, may be made **UP TO 1 HOUR BEFORE** the event is due to take place. However, substitutions can only be made from the list of reserves submitted to BUSA by institutions prior to the Championships, or alternatively if the individual has already been entered for another event and is listed elsewhere in the programme.
5. An athlete is only deemed to be in the process of registering upon presentation of the registration card at the registration desk. The act of completing the card is in itself insufficient.
6. Any athlete waiting to register should make themselves known to those on registration by going to the front of the queue if the 1hour deadline is approaching. Calls for athletes will be made 10, 5 minutes and 1 minute before the close of an event.
7. Athletes delayed in traffic etc may be permitted to register over the telephone, subject to the BUSA Athletics Technical committee approval. However, the call must be received before the 1 hour registration deadline. Only calls to 07808 232582 will be accepted, messages should **NOT** be left on the ansaphone as these **WILL NOT** be accepted, **YOU MUST SPEAK TO A BUSA OFFICIAL. DO NOT CALL THE SPORTS ADMINISTRATOR DIRECTLY.** Please note athletes having registered in this manner will not be permitted to take part if they are not present for assembly or have not registered with the Field Referee 30 minutes before field events.
8. Athletes are only required to register for the first round of their event. Re-registration is not required for finals or intermediate rounds.
9. Athletes may register for events on subsequent days. Athletes wishing to do this must present registration cards to the registration table assigned for this purpose. Athletes are **STRONGLY** encouraged to avoid registering for these events at peak times ie 9am-11.30am, where possible.

10. Athletes competing in field events are reminded that they must register for **ALL** events in which they wish to compete in at the registration area, and **NOT** with the Field Referee.

**ANY ERRORS IN THE PROGRAMME SHOULD BE COMMUNICATED TO THE
BUSA OFFICE PRIOR TO THE CHAMPIONSHIPS.**

REPORTING

All competitors must report to the marshalling area **AT LEAST 10 MINUTES** before their event is due to start. The responsibility of being on the mark at the time specified in the programme, after being called by the stewards, lies entirely with the competitor.

In the case of field events competitors will be permitted to enter 30 minutes before the start of the event to report to the Chief Judge for that event, provided the area is available.

SEEDING

Competitors should note that the lane draw for HEATS(Round 1) is RANDOM and based upon Personal Best information declared at registration. Thereafter seeding will occur based upon performance in the previous round. Information on the qualification process for each event will be posted on the results board and at registration once the registration deadline has passed.

WITHDRAWALS

Once an athlete has qualified for a subsequent round of the competition they are not permitted to opt out of that competition and continue to compete in the championships, whether it is on day one or day two. This applies to both the track and field competitions. The track referee can prevent a competitor competing on the track if the competitor has opted out of a field event in which he/she has qualified for a subsequent round. The field referee has the same powers to exclude from a field event an athlete if he/she has opted out of a track event.(UKA reg 115(3) and 120(10))

Where declared numbers do not merit heats, the final will be run at the final time unless for specific reasons the organising committee decide otherwise.

FIELD EVENTS

Throwing events – UK Athletics directive

In order to avoid accidents, implements must be thrown only from one end and must be returned by hand both during the practice and competition, and NOT thrown back to the starting area. Competitors must not throw implements during the competition except when it is their turn and then only from the circle or scratch line.

Availability and timing of practice facilities are exclusively at the discretion of the relevant track or field referee.

The referee or judge shall disqualify from competing in any event any athlete who wilfully disobeys the above instruction after his or her attention has been drawn to it.

A competitor in a field event who unreasonably delays in making a trial is liable to disqualification after a warning.

Equipment

Implements for the throwing events will be provided. Competitors may only use their own implements by arrangement with the Field Referee, to whom they should report not less than one hour before the respective event. All personal equipment must be weighed and measured. Such personal equipment is not available for use by other athletes without the permission of the owner.
