Cross Country

Scotland hosted the World Cross Country Championships in Edinburgh this year and the IAAF hailed it a great success. Building on the success of this the West Lothian Schools Cross-country Championships was hosted by Deans CHS at Dechmont Law. This was an equally exciting, inclusive and well organised event.

The talent of tomorrow was on display, as well as some Scottish International runners tackling some challenging courses, graduates of the Sportshall athletics school programme also participated.

West Calder High School gained team medals in every age category and Meldrum scored a perfect low score with a 1,2,3 in the boys' race.

Nearly 1000 runners were there and we hope to extend it next year as part of the School Sport Partnership. The supporters both pupils and schools staff added to the atmosphere by cheering on runners across the finish, with P.E staff suggesting there should be a staff race next year.

The event was officiated by volunteers from Scottish Athletics, Lothian Running Club and staff from the Sport and Outdoor Education Service. Senior pupils participating in the Sports Leaders Programme acted as course marshals supported by Active Schools Coordinators.
